

# AZEKURA-structure

Fabric with stylish design,  
outstanding breathability and release of heat built up inside clothing,  
thanks to new 3D structural fabric “Azekura Style<sup>®</sup>” developed in Japan.

※A weaving technique that utilizes traditional Japanese architectural design aimed at keeping interiors comfortable.

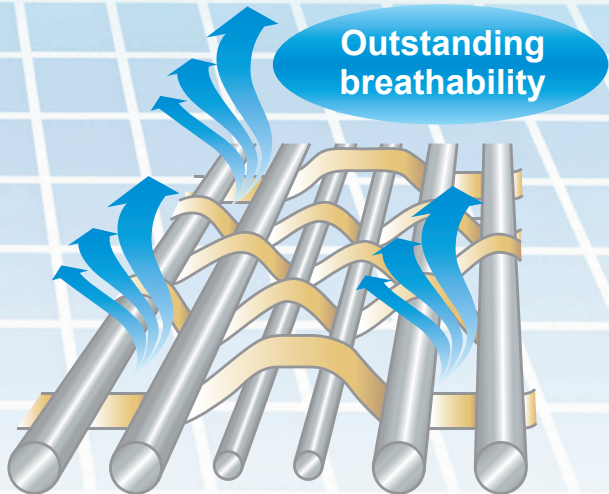

- Outstanding breathability.
- Does not cling to skin thanks to 3D structure.
- Looks as cool as it feels.

## Breathability

Volume of air that passes through one square centimeter of fabric in one second is measured.

Testing method JIS L 1096 Breathability Test (A Method)  
(Fragile form method)
